Dear Mary:

This is to thank you more formally (Why should I get formal with you?) for having me to dinner with that dashing young husband of yours -- and the other guests too, of course.

Our trip has been most successful but I must say it's delightful to be back in the buxom and beautiful arms of my bride -- I guess arms aren't buxom but I'm referring to whatever she has that is.

Many thanks again and warm regards to Ham and you.

Affectionately,

/s/ Pat

P. S. I say again that if there's anything I can do to help with the boys, please let me know.
